

How to Make a Short Film/Scene

-Decide on your main character. Who are they?

-Invent an engaging scenario or short story for your character.

-Decide where to put the camera to capture the most important moments in the story.

***Be sure to put your imagination and creativity on display. Tell us a story. That's what we want to see!**

How Not to Make a Scene

-Don't simply sit in front of the camera and talk.

-Don't follow a person around as if a news reporter asking questions.
